Re: Corrections Needed on Replacement Reclamation Surety, and Reclamation Contract,
ECDC Environmental, LC, ECDC Clay Mine, M/015/062, Emery County, Utah

Dear Mr. Olson:

Enclosed is a photo copy of the surety bond issued by National Fire Insurance Company of Hartford, received by the Division on June 9, 1999. A review of the surety bond has revealed several errors which will need to be corrected. Pages with corrections have been tabbed with notes written in the margins on the photo copy. The surety bond will need to be re-issued with the correct information. A new blank surety bond form (MR-5) is enclosed for your use. We will return the original surety bond after receiving the corrected version.

Also enclosed is a partially completed Reclamation Contract (MR-RC). The new MR-RC must accompany the new replacement surety bond. The MR-RC was partially completed using information taken from the old MR-RC. Please complete page two (Registered Agent), and page five (Operator's signature and notary). A guideline for completing the MR-RC is also enclosed. When completing the signature page of the MR-RC and surety bond Affidavit of Qualification of the forms, please follow that section in the guideline to fill it out correctly. Please note that the Utah Division of Corporations show your registered agent as CT Corporation System. Your registered agent on the MR-RC must be the same as listed on the Division of Corporations records.

It would be helpful if you would fax us a "draft" copy of the MR-RC and the surety bond forms prior to finalizing, so we can review them for accuracy and minimize future corrections or delays.
